

29<sup>th</sup> June 2015

Dear Parents,

At lunch time today I received our long awaited call from the HMI inspector to inform us that the Ofsted inspection team will arrive on site tomorrow for a two day visit. As you know the Senior Leadership team and all of the staff have worked extremely hard over the past few months to evidence the provision and monitor attainment and progress at St Theresa's.

With this in mind I have taken the decision to recall Mrs Georgiades from school journey. Mrs Georgiades is our Key Stage 2 and Maths leader; she has contributed significantly in developing the teaching and learning in school over the past year and will play a vital role in representing the school during meetings with the Ofsted Team.

In light of Mrs Georgiades return, I have made arrangements for Miss Martin to travel to the Isle of Wight this afternoon; Miss Martin is experienced in taking children on school journeys and has a good, established relationship with the year 6 children.

In Miss Martin's absence I have arranged for Mrs O'Brien our Inclusion Leader and Mrs Georgiades to share the teaching and learning in the year 4 class.

I would like to take this opportunity to thank you for your cooperation and understanding over the past few months and to convey thanks on behalf of all the staff for your continued support over the next few days.

We are hopeful that on this occasion the inspectors will see how well the children achieve at St Theresa's and the loyalty and support provided by our community.

Thank you for supporting our school and the part you and your children play in the future success of St Theresa's.

Yours sincerely

Miss M Kelly  
Headteacher
