

Year 1 Maths Working at Greater Depth

Number and Place Value

The Pupil can:

- Count to and across 100, forwards and backwards, beginning with 0 or 1, or from any given number.
- Count, read and write numbers to 200 in numerals. Count forwards and backwards in multiples of twos, fives and tens up to and beyond 100.
- Given a number, identify one and ten more and one less up to and beyond 100.
- Identify and represent numbers using objects and pictorial representations including the number line, beyond 100; and use the language of: equal to, more than, less than (fewer), most, least.
- Read and write numbers from 1 to 50 in numerals and words.

Addition, Subtraction, Multiplication and Division

The Pupil can:

- Read, write and interpret mathematical statements involving addition (+), subtraction (−) and equals (=) signs.
- Represent and use number bonds and related subtraction facts within 20, beginning to memorise the facts.
- Add and subtract one-digit and two-digit numbers to 20, including zero.
- Solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems, such as $7 = [] - 9$.
- Solve one-step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.

Fractions

The Pupil can:

- Recognise, find and name a half as one of two equal parts of an object, shape or quantity, in various contexts, using reasoning.
- Recognise, find and name a quarter as one of four equal parts of an object, shape or quantity, in various contexts, using reasoning.

Measurement

The Pupil can:

- Compare, describe and solve practical problems for:
 - lengths and heights [for example, long/short, longer/shorter, tall/short, double/half]
 - mass/weight [for example, heavy/light, heavier than, lighter than]
 - capacity and volume [for example, full/ empty, more than, less than, half, half full, quarter]
 - time [for example, quicker, slower, earlier, later]
- Measure and begin to record the following:
 - lengths and heights
 - mass/weight
 - capacity and volume
 - time (hours, minutes, seconds)
- using non-standard units, moving to standard units
- Recognise and know the value of different denominations of coins and notes.
- Sequence events in chronological order using language [for example, before and after, next, first, today, yesterday, tomorrow, morning, afternoon and evening].
- Tell the time to the hour and half past the hour and draw the hands on a clock face to show these times.

- Recognise and use language relating to dates, including days of the week, weeks, months and years.
- Tell the time to the hour and half past the hour and draw the hands on a clock face to show these times.

Geometry

The Pupil can:

- Recognise and name common 2D and 3D shapes, including:
- 2D shapes [for example, rectangles (including squares), circles, triangles]
- 3D shapes [for example, cuboids (including cubes), pyramids and spheres]
- explaining some of the properties that indicate the name of the shape.

Statistics

The Pupil Can:

- Describe position, direction and movement, including whole, half, quarter and three-quarter turns, being able to plan a short route using simple commands.
