1. Statement of Intent

We believe that educational visits are an integral part of the entitlement of every pupil to an effective and balanced curriculum. Appropriately planned visits are known to enhance learning and improve attainment, and so form a key part of what makes St Theresa's a supportive and effective learning environment. The benefits to pupils of taking part in visits and learning outside the classroom include, but are not limited to:

- Improvements in their ability to cope with change.
- Increased critical curiosity and resilience.
- Opportunities for meaning making, creativity, developing learning relationships and practicing strategic awareness.
- Increased levels of trust and opportunities to examine the concept of trust (us in them, them in us, them in themselves, them in each other).
- Improved achievement and attainment across a range of curricular subjects. Pupils are active participants not passive consumers, and a wide range of learning styles can flourish.
- Enhanced opportunities for 'real world' 'learning in context' and the development of the social and emotional aspects of intelligence.
- Increased risk management skills through opportunities for involvement in practical risk-benefit decisions in a range of contexts. ie. encouraging pupils to become more risk aware as opposed to risk averse.
- Greater sense of personal responsibility.
- Possibilities for genuine team working including enhanced communication skills.
- Improved environmental appreciation, knowledge, awareness and understanding of a variety of environments.
- Improved awareness and knowledge of the importance and practices of sustainability.
- Physical skill acquisition and the development of a fit and healthy lifestyle.

2. Legal Framework

Any visit that leaves the school grounds is covered by this policy, whether as part of the curriculum, during school time, or outside the normal school day.

In addition to this Educational Visits Policy, St Theresa's:

1. Adopts the Local Authority's (LA) document: '**Guidance for Educational Visits and Related Activities with National Guidance & EVOLVE**' (All staff have access to this via EVOLVE).
2. Adopts National Guidance www.oeapng.info (as recommended by the LA).
3. Uses EVOLVE, the web-based planning, notification, approval, monitoring and communication system for off-site activities.

All staff are required to plan and execute visits in line with this school policy, Local Authority policy, and National Guidelines. Staff are particularly directed to be familiar with the roles and responsibilities outlined within the guidance.

3. Types of Visit & Approval

There are three 'types' of visit:

- 1. Visits/activities within the 'School Learning Area' that are part of the normal curriculum and take place during the normal school day.**

These follow the 'School Learning Area' Operating Procedure (Appendix 1).

- 2. Other non-residential visits within the UK that do not involve an adventurous activity. E.g. visits to museums, farms, theme parks, theatres, etc.**

These are entered on EVOLVE by the visit leader and submitted to the Educational Visits Co-ordinator (EVC) for checking. The EVC then submits to the Headteacher for approval.

- 3. Visits that are overseas, residential, or involve an adventurous activity.**

These follow 2. above, but the Head then submits the visit to the LA for approval.

4. Roles and Responsibilities

The Local Authority is responsible for the final approval (via EVOLVE) of all visits that are either overseas, residential, and/or involve an adventurous activity.

The Governing Board is responsible for:

- The overall implementation of this policy.
- Ensuring that this policy, as written, does not discriminate on any grounds including, but not limited to: ethnicity or national origin, culture, religion, gender, disability or sexual orientation.
- Handling complaints regarding this policy as outlined in the school's Complaints Policy.
- Ensuring educational trips and visits positively impact on pupils' lives, teaching them new life skills and providing new experiences.
- Promoting good safeguarding practices to ensure the safety of pupils when partaking in extra-curricular trips and activities.
- Being a 'critical' friend. Individual governors may be given 'read-only' access to EVOLVE.

The Headteacher is responsible for:

- The day-to-day implementation and management of this policy.
- Appointing an Educational Visits Co-ordinator.
- Monitoring and approving all visits.
- Submitting those trips that are overseas, residential to the Local Authority for

approval.

- Completing relevant paperwork, including risk assessments, for extra-curricular trips and activities.
- Ensuring suitable safety measures are in place prior to each trip or activity.
- Overseeing the work of the educational visits coordinator, ensuring a whole-school approach is adopted when planning and coordinating extra-curricular trips and activities.
- Ensuring there are contingency plans in place in the event of a member of staff being absent on the day of the trip or activity.

The Educational Visits Coordinator has overall responsibility for:

- Overseeing all issues and controls regarding extra-curricular activities and trips.
- Liaising between all appropriate parties, including the local outdoor education adviser, during the planning and organising of extra-curricular activities and trips.
- Working with the local outdoor education adviser to help staff assess and manage risks.
- Ensuring the systems and procedures for dealing with educational visits adhere to the requirements of this policy.
- Partaking in relevant additional training to ensure they remain up-to-date with relevant educational trip information and health and safety guidance.
- Overseeing the planning of the educational trips, by ensuring all essential documentation, including risk assessments, is up to date and appropriate for completion by the designated trip leader.
- Approving all relevant documentation, including risk assessments, to ensure educational visits have been well planned for and are safe.
- Distributing permission slips to parents/carers prior to the trip and chasing up any permission slips that have not been returned prior to the trip.
- Approving parents/carers to accompany children on trips; completing DBS checks.

The designated trip leader

The designated trip leader selected to be in charge on an individual trip is 'in loco parentis' and has a duty of care to all pupils on the trip. They are also responsible for:

- Checking the schedule is free on the school calendar prior to planning an educational visit.

5. Staff Competence

We recognise that staff competence is the single most important factor in the safe management of visits, and so we support staff in developing their competence in the following ways:

- An apprenticeship system, where staff new to visits assist and work alongside

experienced visit leaders before taking on a leadership role.

- Supervision by senior staff on some educational visits.
- Support for staff to attend training courses relevant to their role, where necessary.

In deciding whether a member of staff is competent to be a visit leader, the Headteacher will take into account the following factors:

- Relevant experience.
- Previous relevant training.
- The prospective leader's ability to make dynamic risk management judgements, and take charge in the event of an emergency.
- Knowledge of the pupils, the venue, and the activities to be undertaken.

6. Emergency procedures

A critical incident is any incident where events go beyond the normal coping mechanisms and experience of the visit leadership team.

The school has an emergency plan in place to deal with a critical incident during a visit (see Appendix II).

When an incident overwhelms the establishment's emergency response capability, or where it involves serious injury or fatality, or where it is likely to attract media attention then assistance will be sought from the local authority.

7. Risk Assessment Process

The Designated Trip Leader's Job List

The designated trip leader will ensure all the following steps are completed for any type 2 or 3 visit:

- Gain outline approval from the Headteacher to begin planning the visit and agree funding mechanism / charging policy.
- Complete risk assessment to place of visit in person before the school trip.
- Ensure the visit:
 - has clear learning outcomes
 - has activities appropriate to the group
 - is planned to maximise benefits to the children while managing significant risks
 - is appropriately staffed with the correct ratio of adults
 - complies with the school's safeguarding policy
- Involve children in the planning of the visit, and how it will be managed, wherever possible.
- Ensure that this policy is adhered to.

- For type 2 and type 3 trips complete the following paperwork and submit to the EVC: Educational Visits Checklist (Appendix VI), Event Specific Risk Assessment EV5 (Appendix III), Group Information Sheet (Appendix IV), EV1 Approval Form (Appendix VII), Group Leader Information Sheet (Appendix VIII).
- Ensure all other staff, accompanying adults and children are:
 - fully briefed about their roles and responsibilities during the visit
 - know what to do in the event of an emergency
 - given information they need about individual pupil needs.
- Emergency procedures must include what would happen in the event of illness or injury affecting the party leader.
- Ensure the base contact back at school is fully briefed and has copies of all relevant information.

St Theresa's Educational Visits Checklist forms part of the risk management process for visits and off-site activities, and may be downloaded from EVOLVE Resources. This has been adapted from the LA's generic checklist. A visit should only go ahead if the answer to all relevant questions is 'YES'.

8. Parental Consent

Consent is not required for activities within the School Learning Area that are part of the normal curriculum during normal school time.

The school obtains blanket consent at the start of each year for certain other routine activities, e.g. after school fixtures, etc. Parents/carers have the option of consenting through a traditional paper consent form.

Specific, (i.e. one-off), parental consent must be obtained for all other visits. For these visits, sufficient information must be made available to parents/carers (via, letters, meetings, etc.), so that consent is given on a 'fully informed' basis. As above, parents/carers have the option of consenting through a traditional paper consent form.

9. Inclusion

All visits must have clearly defined educational / recreational aims appropriate to the needs of the group generally and to individuals within the group specifically. We acknowledge that it is unlawful to discriminate against disabled pupils and reasonable adjustments will be made to avoid pupils being placed at a substantial disadvantage. Where possible, activities and visits will be adapted to enable pupils with SEND to take part. Where this is not possible, an alternative activity of equal educational value will be arranged for all pupils. Pupils with SEND will be accompanied by a responsible adult during the extra-curricular trip or visit.

10. Charging / funding for visits

The financial procedures outlined in the school's Charging and Remissions Policy will always be followed when arranging trips. The school will act in accordance with the DfE's guidance document 'Charging for school activities' (2018) and, therefore, will only charge for trips which are classed as an 'optional extra'.

11. Staffing Ratios

There will be an appropriate supervision level at all times based on risk assessment of the visit and determined by factors relevant to the visit e.g.:

- Type, duration and level of activity
- Needs of individuals within the group (SEN)
- Experience and competence of staff and accompanying adults
- Nature of the venue
- Weather conditions at the time of year
- Nature of transport involved

12. Transport

Parents/carers must be made aware of the intended form of transport and their consent obtained. Travel arrangements should be included in the risk assessment. If public transport is to be used, all pupils and supervisors must be fully briefed as to procedures on platforms, at bus stops, on busy streets etc. The school follows the National Guidance with regards to the use of transport for educational visits. If any pupils are to travel by car, the driver (including staff) must complete the Private Car Form (available from school office). This is also relevant to sports fixtures, and applies to both staff and parents'/carers' cars. A new form must be completed each academic year. The EVC must ensure that the driver has appropriate insurance cover. Parents/carers of children travelling by private car must also sign consent. Anyone who has not had a DBS check should never be left in sole charge of pupils.

13. Insurance

The school currently buys into the LA's insurance for off-site educational visits within the UK.

14. Accidents and Incidents

The school's emergency response to an incident is based on the following key factors:

1. There is always a nominated emergency base contact for any visit (during school hours this is the office).
2. This nominated base contact will either be an experienced member of the senior management team or will be able to contact an experienced senior manager.
3. For activities that take place during normal school hours, the visit leadership team will be aware of any relevant medical information for all participants, including staff.

4. For activities that take place outside normal school hours, the visit leadership team and the emergency contact/s will be aware of any relevant medical information and emergency contact information for all participants, including staff.
5. Both the visit leader(s) and the base contact know to request support from the local authority in the event that an incident overwhelms the establishment's emergency response capability; involves serious injury or fatality or where it is likely to attract media attention.
6. The National Guidance role specific emergency action cards are carried by:
 - a. The designated trip leader
 - b. The first point of contact (e.g. the office receptionist)
 - c. The designated base contact senior manager

Our emergency action plan is the EV7 and is attached. (Appendix V)

15. Preparing Pupils

Pupils must understand what standard of behaviour is expected of them and why rules must be followed. Pupils must be told in advance of the visit about the procedures for dealing with misbehaviour including going home early. It is important that pupils are told not to go off on their own, are given clear instructions about permitted remote supervised activities and understand and accept the ground rules. They must wear seatbelts and stay seated whilst travelling on coaches.

Head counts

Whatever the length and nature of the visit, regular head counting of pupils should take place, particularly before leaving any venue. It is good practice for all supervisors to:

- Carry a list/register of all pupils and adults involved in the visit at all times
- Ensure that pupils are readily identifiable, especially if the visit is to a densely populated area (brightly coloured caps, T-shirts or a school uniform can help identify group members more easily)
- Whenever possible children should wear the high visibility jackets when on a school trip
- Avoid identification that could put pupils at risk e.g. name badges
- Ensure that all pupils are aware of rendezvous points
- Ensure that all pupils know what to do if they become separated from the group

16. Adventurous/Water Margin/Based Activities

Adventurous Activities

The following activities require LA approval:

- All forms of boating
- Rock climbing (including indoor climbing walls)

- Abseiling
- High level ropes

Other Activities

The following activities do not require LA approval but should be supervised by a teacher who has been assessed by the Headteacher as competent to lead the visit:

- Walking in parks
- Swimming in UK public pools
- Theme parks
- Tourist attractions
- Local traffic survey
- Museum, library etc.
- Sports fixtures

Water Margin Activities

Where pupils might participate in learning activities near or in water, such as a walk along a riverbank or seashore, collecting samples in ponds or streams, or paddling/walking in shallow water, then the guidance contained in the national guidance 7.i "Group Safety at Water Margins" is relevant. All staff should be provided with a copy of this guidance prior to the visit. A copy of this is available online. [Group Safety at Water Margins](#)

Water-Based Activities

All forms of water-based activities are regarded as adventurous activities and as such require LA approval.

The swimming ability of all pupils must be known by the activity leader prior to the commencement of water-based activities. Pupils should normally be water confident and able to swim 50 metres. If they are unable to meet these criteria they may still be able to participate subject to risk assessment. Personal buoyancy conforming to the appropriate National Governing Body Educational Visits Policy guidelines must be worn at all times by all participants in water-based activities except swimming.

Swimming / Paddling in the sea

Paddling in the sea will only be allowed as a formal, supervised activity in recognised bathing areas. Pupils will always be in sight of their supervisors. Swimming in the sea will not be allowed. Pupils will be told the signals of recall.

Swimming Pools

Young people must be supervised at all times whilst undertaking swimming activities. Pupils from this school will only swim in pools with lifeguard cover in place.

17. Residential Trips

In the case of residential trips, every effort will be made to ensure a male adult (with a DBS check) accompanies the group.

18. Evaluating Trips and Visits

Following an educational trip and/or visit, the educational visit coordinator will meet with any staff members present on the trip to assess the success of the trip in respect of both educational value and safeguarding effectiveness. Based on this assessment, recommendations will be made to improve future trips and visits.

Appendix I – School Learning Area and Operating Procedure

General

Visits/activities within the 'School Learning Area' that are part of the normal curriculum and take place during the normal school day follow the Operating Procedure below.

The school learning area is defined as the area surrounding the school which can be reached by walking.

These visits/activities:

- do not require trip specific parental consent
- do not normally need additional risk assessments unless the pupils are leaving the immediate school grounds
- do not need to be recorded on EVOLVE

Operating Procedure for School Learning Area

The following are potentially significant issues/hazards within our School Learning Area:

- Road traffic.
- Other people / members of the public / animals.
- Losing a pupil.
- Uneven surfaces and slips, trips, and falls.
- Weather conditions.
- Activity specific issues when doing environmental fieldwork (nettles, brambles, rubbish, etc.).

These are managed by a combination of the following:

- The visit leader must follow these guidelines.
- The visit leader must complete the Local Visits Information Pro-forma (Appendix II) prior to leaving the building and submit it to the EVC.
- The Headteacher must approve the trip by signing the Local Visits Information Pro-forma before a group leaves.
- The normal adult to pupil ratios will apply.
- Staff are familiar with the area, including any 'no go areas', and have practised appropriate group management techniques.
- Pupils have been trained and have practised standard techniques for road crossings in a group.
- Where appropriate, pupils are fully briefed on what to do if they become separated from the group.
- Pupils' clothing and footwear is checked for appropriateness prior to leaving school.

- Staff are aware of any relevant pupil medical information and ensure that any required medication is available.
- A mobile phone is taken with each group and the office have a note of the number.
