1. Aims.....	4
2. Objectives.....	4

The recognition of the significance of Religious Education in the classroom is expressed in the Bishops Statement on Religious Education in Catholic Schools as:

'Therefore, religious education is never simply one subject among many, but the foundation of the entire educational process.'

'Religious education is then, the core subject in a Catholic School.'

1. Aims

At St. Theresa's Catholic Primary School (St. Theresa's / we / school), we aim to:

- Assist the children in developing a loving and fulfilling relationship with God.
- Encourage the children to recognise God's presence in their lives and His unfailing love.
- Fully meet the requirements of the Curriculum Directory.
- Develop the children's knowledge and understanding of their Catholic Faith.
- To enable pupils continually to deepen their religious and theological understanding and be able to communicate this effectively.
- To develop pupils' religious literacy.
- To develop the critical thinking of pupils so that they can relate their Catholic faith to everyday life.
- To stimulate pupils' imagination and provoke a desire for personal meaning as revealed in the truth of the Catholic faith.
- Develop the spiritual awareness of the children e.g. a sense of wonder at creation.
- Ensure the development of children's religious experience and understanding by providing progression and continuity in our Catholic Religious Education (RE) Curriculum.
- Enable the children to celebrate and rejoice in their religious development through prayer, Eucharistic liturgy, non- Eucharistic liturgy and collective worship. The liturgical year is reflected in the Catholic life and activities of the school.
- Provide the children with examples of Christian care and love for each other and help them recognise how their actions affect themselves and others.
- Continue to support and extend the development of links with the surrounding parishes and the local and wider community.
- Deliver opportunities for our pupils to engage in our commitment to the Common Good.
- To raise pupils' awareness of the faith and traditions of other religious communities in order to respect and understand them.

2. Objectives

St. Theresa's strives to achieve these aims by:

- Following Jesus Christ as our role model.

- Allocation of time

The teaching of RE will take 10% of curriculum time. At Key Stage One, this is equivalent to 2 hours 20 minutes and in Key Stage Two, it is 2 hours 30 minutes each week. This is in addition to Gospel assemblies, whole school assemblies, collective worship on non-assembly days.

Scheme Followed

The Religious Education Curriculum Directory (RECD) and the Catechism of the Catholic Church, guides and informs teaching of RE.

The school follows the "In God's Name" Units of Faith as written by Margaret Carswell.

When planning topics, teachers use the Agreed Understanding for Levels of Attainment in Religious Education.

Teachers, under the guidance of their RECD should read the unit carefully and determine where to begin on the basis of pupil knowledge and ability.

The scheme is organised into half termly topics. The units include theological notes (for the teachers), additional suggestions, activities, reference to websites, worksheets, assessments and levels of achievement based on the RECD. The Religion Subject Leader maintains and updates a teachers' resource and reference file for each teacher of RE.

Each planned half termly theme will include: a variety of teaching styles including direct, interactive and facilitated; set tasks reflecting different learning styles e.g. drama, role-play, art, information and communications technology (ICT), music, poetry; written tasks and opportunities for reflection. Pupils are organised to work within whole class, grouped, paired and individual activities, which should be creative, engaging and challenging. The scheme used recognises the importance of and promotes opportunities for developing literacy, thinking skills, assessment for learning and cross-curricular links especially with Personal, Social and Health Education (PSHE) and Citizenship.

Teachers should plan and use high order questions.

Assessment and Monitoring

We will assess the children's learning every half-term in line with Diocesan guidance.

Developmental marking of children's work will be ongoing where the correction of keyword spellings and subject objectives will also be emphasised. Pupils should have an opportunity to respond to teachers' comments in books.

Sampling and monitoring of pupils' work will take place in each unit. Examples of excellence will be collated by the RE Leader.

Monitoring of planning, teaching and learning, and assessment will also be undertaken by the RE Leader in accordance with the Monitoring timetable, as will lesson observations and team teaching. The Diocesan RE Advisor will visit annually to monitor planning, teaching and learning. Their findings will be fed back to the Senior Leadership Team (SLT) and staff and they will also inform the School Improvement Plan (SIP).

Moderation of work samples is done on a termly basis with teaching staff. The RE Leader attends Cross Diocesan Moderation annually.

Home School Parish

"As it is the parents who have given life to their children on them lies the gravest obligation to educate their family. They must be recognised as being primarily and principally responsible for their education."

Gravissimum Educationis (para 3)

Links between home, school, and parish are developed with parish news distributed through the school's newsletter and school news publicised through parish newsletters.

Parents / carers and parishioners are invited to masses within the school usually celebrated by the Parish Priest of Philip's, Finchley Central. As part of the work on the Sacraments, reconciliation services are held for Years 4, 5 and 6 every year during Lent.

The Common Good

At St. Theresa's, we wish our children to develop a concern for others. Pupils have a very strong understanding of the teachings of Jesus in relation to loving and caring for others and they put this into practice in school and in the way they serve local and international communities. The school has chosen the Mini Vinnie scheme to support its outreach work. Our fundraising strategies include supporting Catholic, national and international charities.

Inclusion

In RE teaching, we keep in mind and incorporate the Special Educational Needs and Disability (SEND) Policy and Equality Policy to ensure all pupils have equal access to the RE

curriculum and opportunities for enriching and deepening their faith and spirituality. Differentiation is provided where appropriate.

Personal, Social, Health and Emotional (PSHE) Development

As a school, we are working towards the Catholic vision of the human person fully alive. Citizenship is both important and distinctive in this Catholic school and our PSHE Policy incorporates aspects specifically covered in the RE curriculum.

Relationships and Sex Education

Please see the School Relationships and Sex Education Policy.

Staff

Leadership and implementation of the RE policy and syllabus are provided by the RE Leader through school based INSET and staff meetings. Opportunities to attend INSET provided by the Diocese, (attended by all teaching staff) and other relevant providers are notified to staff where appropriate.

Display

The School Mission statement is displayed in each class and is on the cover of the children's RE books.

Each class has a RE board with a display focussed on the Liturgical Year, special events or topics covered in the scheme. These must include the display of keywords of each unit, the liturgical colour (candle / material) and children's work.

Other Faiths

Pupils will study a designated 'Other Faith' in each Key Stage Two year group.

These faiths will be Judaism, Hinduism, Sikhism and Islam.

Multicultural Teaching

We offer the children opportunities to develop their awareness of the larger world community. The multi-cultural and multi-faith dimension of the world we live in is reflected in the Mission Statement and in the displays around the School.

Resources

Resources such as display cloths, posters, candles and artefacts are stored in the library. These can be used to support the delivery of assemblies and the topics of the scheme, feast days or liturgical themes.

Artefacts to support designated Other Faith studies are located in the Religion area.

A resource of additional support websites, age- and theme-appropriate are listed in the resource material in each of the Unit of Faith topics.

Pupils have access to a Catholic Holy Bible when studying the stories of the Old and New Testament. The studied texts should be accurately set in context.

Catholic School Self Evaluation and Section 48 Inspections

St. Theresa's welcomes the involvement of all in the key process of School Self Evaluation, as designed by the Diocese. The RE Leader is responsible for ensuring its review and final completion, involving representatives of the school community (staff, pupils, parents / carers and governors). Ofsted Section 48 Inspections will be based on the school's own evaluation of its Catholic life, RE, collective worship and provision for pupils' spiritual, moral, social and cultural development.
